 Bionic Bar

### BARS

Vintages  
 Two70  
 Concierge Club  
 Sunshine Bar  
 Pool Bar  
 Sky Bar  
 North Star Bar

## What to Pack and Things You Might Not Think About

Here are some things we suggest to pack for the cruise:

- Download Royal Caribbean's Mobile App before you leave.
- Highlighter for your Compass Magazine - there is so much to do each day & night. The highlighter will help keep you on track.
- Travel alarm clock - the room does not have one
- Small bag/purse/wallet to hold room key and items - waterproof one is not a bad idea either
- Beach bag / back pack for when you disembark the ship
- 2 Formal Dinner Outfits- there will be 2 formal dinners. It's a personal preference, Collared Shirt for men is preferred.
- Gym /walking shoes- there is a walking track and gym onboard. You will need a good pair of comfortable shoes to walk the islands.
- Irons are not allowed, so bring Downey wrinkle releaser or a spray that works. There are services available to get things ironed.
- Motion-sickness medicine (if needed). The ship offers this at the hospital onboard. The ship has stabilizers, so it's unlikely you'll get sea-sick.
- Phone charger
- The ship can offer distilled water for CPAP machines.
- Toiletries - the ship has this onboard if you forget them.
- Call banks and credit card companies, and let them know you will be traveling.
- When at sea, turn off data roaming on your phone and remember to stay on ship time (Seattle, WA) time, even on the ports.
